How the Chapter Was Organized—How It Was Named "Dorothea Payne Madison Chapter." and Its Participation in the Erecting of a Monument to Officers, Soldiers, Militiamen and Marines of Virginia, of the War 1812.

The perfect historian is the writer in whose work the character and spirit of an age is exhibited in miniature. No fact is related, no expression is attributed, to any character, which is not authenticated by convincing testimony. Great facts will be included, but no small facts will be omitted if they throw light upon the origin of a movement, the condition of society, and the nature of men and women.
